Read Like A Champion.*

The Beloit Snappers want to get kids excited about reading, and would like to extend an invitation to your school to become a part of this great program!

**Goals:**

The Beloit Snappers, in partnership with your school, strive to emphasize the importance of reading by encouraging kids to read on a regular basis. We are offering an incentive-based rewards program to enhance the reading experience, and share our love of baseball and the ballpark with you.

**Benefits:**

- Stress literacy in area schools
- Teachers and Reading Specialists have the flexibility to design the program to meet their students' needs
- Teachers are provided with prizes, provided by the Beloit Snappers, to enhance the reading program and generate excitement among the students

**A visit from Snappy!**

Are you looking for a way to kick-off, wrap-up, or get your students excited about Snappy's Reading Program? Snappy is available to come out to visit your school. Program coordinators will be responsible for contacting the Snappers front office to schedule a visit.

**The Program**

Once registered, teachers will create guidelines of how students will "read around the bases". This can be done by having students read a certain amount of minutes, books, or pages to get from base to base. **The program is created entirely by the teachers and the Snappers will provide prizes for each base that the students reach.**

**The Prizes**

Each base the student reaches they will receive a prize provided by the Snappers. If a student reads all the way around the bases they will receive one of each of the prizes.

- First Base – Beloit Snappers Reading Club Pencil
- Second Base – Beloit Snappers Reading Club Ruler
- Third Base – Voucher for one hot dog at a Snappers home game
- Home Plate – Ticket to a Beloit Snappers game (does not apply to School Day games)

\*\*Prizes subject to change based on availability

**Registration Info**

We will need the following information from you:

- School Name
- School Address
- Coordinator Name
- Coordinator Phone
- Coordinator Email
- Grade Levels Participating
- Total number of students participating

We look forward to working with you and your students this coming year!
