Dear Friends and Supporters:

Greetings from Dow Diamond!

I am pleased to share our 2011 Community Report with you. The Community Report reflects the involvement and impact that the Michigan Baseball Foundation (MBF), the Great Lakes Loons, and ESPN 100.9-FM have had on the Great Lakes Bay Region and highlights the best of 2011. Our mission is to foster regional economic development and enhance the efforts of regional organizations that serve young people through creative partnerships and grants. We will continue to advance this mission with great enthusiasm throughout 2012 as we celebrate the Great Lakes Loons 5th Anniversary!

Thank you for attending Loons games, listening to ESPN 100.9-FM, and supporting the MBF fund development efforts. The positive regional impact spotlighted in this report is a direct result of your support in all of these areas.

Thanks again for your support and partnership with the Michigan Baseball Foundation. See you at the ballpark!

Sincerely,

William S. Stavropoulos
President and Founder
MBF Overview
The Michigan Baseball Foundation is a 501 (c)3 non-profit charity, founded in 2006, which owns and operates Dow Diamond, the home of the Great Lakes Loons and ESPN 100.9-FM.

MBF Charter and Mission
The Michigan Baseball Foundation creates regional economic development and supports youth organizations through creative partnerships and grants by operating the finest minor league baseball facility and events center in the nation.

MBF received initial funding from the following sources:
• The Dow Chemical Company Foundation
• The Herbert H. and Grace A. Dow Foundation
• Dow Corning Corporation
• The Rollin M. Gerstacker Foundation
• The Charles J. Strosacker Foundation
• Bill and Linda Stavropoulos Foundation

Dow Diamond
In 2007, MBF completed the construction of Dow Diamond and hosted its Grand Opening on April 13. Dow Diamond, two-time winner of the Midwest League’s field of the year award, is the cornerstone of the Michigan Baseball Foundation and is essential to MBF’s efforts to give back to the region. The state-of-the-art, 5,200-capacity baseball stadium serves as home to the Great Lakes Loons, the sixth-year Single-A partner of the Los Angeles Dodgers.

Since its opening in 2007, when it was named Best New Ballpark by Baseball America, the stadium has hosted over 600 special events for the region, that include weddings, trade shows, corporate conferences, concerts, receptions, formal dinners, amateur baseball, and other similar functions.

Nearly 350 Loons games have been played at Dow Diamond and prior to the game on Friday, August 26, 2011, the Loons kicked off the team’s 5th Anniversary celebration. The team will celebrate the anniversary throughout the offseason and during all of the 2012 season with 5th Anniversary logos, merchandise, ballpark displays, promotions and more. As a part of the celebration, the Loons completed their first major capital improvement to Dow Diamond since its opening, converting the Suite Level into the Great Lakes Reserve presented by Chemical Bank.
Each year, the Michigan Baseball Foundation accepts grant applications beginning in mid-November and awards grants of various amounts to deserving non-profit organizations.

In order to qualify for a grant, applicants’ requests must contribute to regional economic development, serve young people in the Great Lakes Bay Region, or fund projects promoting amateur sports.

Through four grant cycles, MBF has awarded 125 grants totaling $405,698 to non-profit organizations extending to twelve counties of the Great Lakes Bay Region.
Additional Charitable Efforts

While grant giving is a large part of MBF’s contribution to the region, there are many additional ways that keep MBF, the Great Lakes Loons and ESPN 100.9-FM involved in charitable efforts year round. Since 2007, these organizations have touched over 1,500 non-profit groups, through ticket donations, concession stand fundraising opportunities and the contributions listed here:

- Over $300,000 (in-kind donations) of exposure to regional non-profit organizations through the Community Organization of the Night program, sponsored by Saginaw Valley State University.
- Approximately $362,000 raised for non-profits by staffing concession stands at Loons games from 2007-2011.
- Over $133,000 to regional non-profit organizations in the form of tickets, merchandise, memorabilia, and funds raised.
- Over 1,300 tickets to area community groups, families, and non-profit organizations through MBF’s ticket donation program.
2009 GRANT RECIPIENTS LIST

Alma (Gratiot)
• $3,600 - Catcher gear sets/coaching bags
Beaverton Youth Recreational Program (Gladwin)
• $5,500 - Scoreboard
Bay City Southwest Little League (Bay)
• $6,000 - Backstop
Caro Little League (Tuscola)
• $3,000 - Level & re-sod field
City of Midland, MCTV (Midland)
• $1,500 - Purchase rain gear and computer carts
Clare Little League (Clare)
• $2,500 - Multi-purpose field improvements
Do-All, Inc. (Bay)
• $2,000 - Sportability store equipment
Freeland Athletic Association (Saginaw)
• $3,200 - Pitching machine

ESPN 100.9-FM

ESPN 100.9-FM contributed to the region in 2011 by allotting over 423 hours for Public Service Programming and Announcements, giving voice to issues and solutions to challenges in the community.

In addition, the station partners with the Saginaw Valley League, donating a percentage of its SVL programming sponsorship sales to SVL schools. Since 2008, the station has donated $12,645 back to the SVL, funding leadership training for student athletes. ESPN 100.9-FM also partners with Saginaw Valley State University in a similar capacity, and has donated $6,783 to the university.

New to 2011, the station selects one male and female student-athlete as the ESPN 100.9-FM Scholar Athlete of the Month, presented by Hammer Restoration. Winning candidates show excellence in academics, athletics and leadership.

Deck the Diamond

On Monday, December 12, the Great Lakes Loons and the Michigan Baseball Foundation partnered with the Salvation Army to host families from the Great Lakes Bay Region for the second annual Deck the Diamond event at Dow Diamond. Over 160 people took part in the event that included dinner and festivities for the families in attendance.

The evening was highlighted by cookie decorating for the children and an appearance by Lou E. Loon. Santa Claus also took time out of his busy schedule to make a special appearance and deliver gifts to the children in attendance for Deck the Diamond.

High School Spirit Nights

The Great Lakes Loons High School Spirit Program returned for a second year in 2011. The program gave area high schools the opportunity to show their school spirit at Dow Diamond while competing for cash donations. Each high school was assigned points based on the amount of school spirit displayed at Loons games.

The seven participating high schools from 2011 decked the Northern Lights Pavilion with banners, while some also brought along their school band and mascots. Winning the 2011 competition was Coleman Area Schools, while Saginaw Nouvel, H.H. Dow High and Valley Lutheran placed as runners-up. The Loons awarded $5,000 in total prize money to the winning schools.
The Miracle League

On June 2, the Great Lakes Bay Miracle League, who received a grant of $4,400 in 2010 to install recreational complex bleachers, celebrated its grand opening in Bridgeport.

The Great Lakes Bay Miracle League is a non-profit organization dedicated to helping children with physical and mental disabilities to develop and achieve their full potential: mentally, socially and physically. The League is a prime example of an organization that MBF is eager to support.

Loons manager John Shoemaker and members of the 2011 Loons team visited the Great Lakes Bay Miracle League on two occasions to team up with young players at Bridgeport’s newest diamond.

Game-Related Contributions

Every season, the Loons pair up with several different businesses to take part in a unique opportunity that gives back to the community. Here is a quick look at the numbers from 2011.

For every Great Lakes Loons win, Dow Chemical donated $500 to the United Way of Midland, Bay and Saginaw counties. With 72 wins in 2011, Dow Chemical’s total contribution reached $36,000.

For every double play the Loons turned, Farm Bureau Insurance donated $25 to the Christmas Wishes Program. For the one triple play the Loons turned in 2011, they donated $1,000. With 95 double plays and one triple, Farm Bureau donated a total of $3,375.

With every strikeout recorded by a Loons pitcher, Deloitte donated $5 to K’s for Kids organizations: Saginaw Bay Youth Orchestra, Imagination Library, Railway Family Center, Safe & Sound Advocacy Center, and the Girl Scouts Heart of Michigan. In addition, Deloitte donated $5 for every strikeout recorded by N.L. Cy Young winner and former Loon Clayton Kershaw. With 1,097 strikeouts by Loons pitchers and 248 from Kershaw, Deloitte’s final game-related contribution totaled $6,725.

Kids love the long ball, especially those kids involved in the Big Brothers Big Sisters program, who received $50 from Dow Corning for every Loons home run. With 102 home runs in 2011, Dow Corning donated $5,100.

The 2011 game-related contributions totaled $51,200. Since 2007, these contributions have reached $89,585.
Vo-LOON-teer Efforts
To further MBF's reach within the region, the Loons staff participates in its Vo-LOON-teer program, which totaled over 1,400 volunteer hours of community service in 2011.

On July 18 and 19, employees of the Great Lakes Loons dedicated 75 hours to volunteering at the National Junior Disability Championships hosted at Saginaw Valley State University. Volunteer efforts from the staff help support youth and promote economic growth within the Great Lakes Bay Region.

Loons and United Way
MBF partners with the United Way to help people in the community with limited mobility. Some of the projects the Loons staff assist with include painting, cleaning gutters, mowing yards and raking leaves.

In addition, the Loons full-time and game-day staff participates in the annual United Way campaign. In 2011, staffers donated $13,346, bringing the total to above $50,000 since 2007.

In this way, the entire organization takes part in making a difference and contributing to the region's charitable impact and civic pride.

Dow Student Heroes
Initiated in 2007, the Dow Student Heroes Program continues to be one of the many ways the Great Lakes Loons touch the community and impact the lives of young people in the region.

The 2011 program offered students from five participating schools the opportunity to enjoy a special assembly featuring Lou E. Loon and Great Lakes Loons players.

Each school received 200 Loons tickets donated by the Dow Chemical Company. The schools were then able to use the tickets for incentives to encourage and reward academic achievements.
Impacting the region with his infectious smile is the Loons Ambassador of Fun, Lou E. Loon! Throughout the year, Lou E. is one of MBF’s busiest workers, flying across multiple counties of the Great Lakes Bay Region to lend a feather. Here are some memorable moments from our favorite Loon.

Included as a part of the Loons Vo-LOON-teer initiatives, staff members of MBF, Loons, and ESPN 100.9-FM are active in numerous boards and committees around the Great Lakes Bay Region. These include:

100 Best Communities • Arnold Center • Association for Fundraising Professionals • Dow Bay Area Family Y Bay Arenac Skill Center • Big Brothers Big Sisters in the Heart of Michigan • Boy Scouts of America Lake Huron Area Council Downtown Development Authority • Family and Children Service of Midland • Go Red for Women Leadership Midland Steering Committee • Midland Amateur Sports Capital Committee • Midland Area Chamber Foundation Midland Area Chamber of Commerce • Midland Community Center • Midland Soccer Club Mid-Michigan Children’s Museum • MidMichigan Health Planning Committee • MiVibe MPS Technology Advisory Committee • Mt. Pleasant Discovery Museum • Northwood University ESPM Advisory Committee Saginaw County Right to Life Dinner Committee • Saginaw Valley State University Athletic Department Advisory Committee Saginaw Valley State University Athletics • Share the Memories • United Way
Economic Impact

The Michigan Baseball Foundation provides regional economic impact through job creation, its spending with local vendors and the regional spending it encourages from visitors. Through these means, MBF has generated approximately $23 million annually in regional economic development, according to a study conducted by Northwood University in 2010.

Job Creation

The Great Lakes Loons, Dow Diamond, and ESPN 100.9-FM maintain an annual payroll of $2,100,000 for 31 full-time and 250 game-day staffers.

Over the past five seasons, 102 internship positions have been filled with local college students, allowing many to fulfill course-required internship and practicum hours.

Regional Spending

An estimated $2,000,000 is spent each year with local vendors.

Also, an estimated 2,000 hotel room nights are booked each year in conjunction with the 70 Loons home games and events hosted at Dow Diamond, like WIOG’s Lizard Fair.
Fund Development

While every Loons ticket sold helps advance the Michigan Baseball Foundation’s mission, MBF also relies upon various fundraising efforts. These fundraising efforts are critical for MBF to maintain its 501(c)3 non-profit status.

Swing With the Loons

Though it may be against course rules to pick up your golf ball, toss it in the air, and then crush it with a Louisville slugger; at Swing With the Loons, one of MBF’s biggest annual fundraisers, it can’t be avoided.

The third annual Swing With the Loons golf tournament, presented by Chemical Bank, took place at Apple Mountain Golf Course on Monday June 6, 2011. The event provided participants the opportunity to enjoy a round of golf with friends and current Loons players, many of whom brought along their bats to substitute as their 14th club.

Loons Summer Baseball Camps

MBF launched a new fundraiser this baseball season, the Loons Summer Baseball Camps. Sixty-five campers ranging from 7 to 16 years old participated in the three summer camps and received professional instruction from Loons manager John Shoemaker and members of the 2011 Great Lakes Loons team.

The camps left participants informed and better equipped for succeeding on the baseball field back home, established friendships among players and campers, and generated $5,300 as a fundraiser for the Michigan Baseball Foundation.
Dow Diamond All-Stars

MBF launched its Dow Diamond All-Stars fundraising program in July 2009, in order to create an opportunity for Loons fans and supporters to directly contribute to MBF for improvements to Dow Diamond through tax-deductible donations. These donations support capital projects and improvements to Dow Diamond to ensure the real estate remains an economic, social and charitable asset for years to come.

At the conclusion of the 2011 season, construction began on the first of these capital improvements: the Great Lakes Reserve presented by Chemical Bank. Replacing the Suite Level for 2012 is a state-of-the-art destination, featuring a full-service bar that serves as the centerpiece.

The complete list of Dow Diamond All-Stars contributors is listed below and on the adjacent page. To make a donation visit Loons.com or contact Patti Tuma at 989-837-6165 or ptuma@loons.com.

The Michigan Baseball Foundation would like to recognize the following members of the Dow Diamond All-Stars as of December 2011.

**Hall of Fame Level**
Gift of $10,000 and above
